Fun Facts

Together SRC & customers recycled **170 TONS** of Tin & Aluminum in just **1 year**. (That is equivalent to the weight of approximately 4 Humpback whales)

Tin & Aluminum is **100%** recyclable over & over

1 Tin can run your TV **3 hours**

1 TON

of Recycled **ALUMINUM** Saves:

1,663 gallons of oil

14,000 kWh of energy

(That's enough energy to run a fridge for 2 years)

2 YEARS

1 TON

of Recycled **PLASTIC** Saves:

685 gallons of oil

5,774 kWh of energy

(You could run your electric toothbrush nonstop for 10 yrs & **STILL** not use that amount of energy)

+ 10 YEARS

1 TON

of Recycled **PAPER** Saves:

17 Trees

380 gallons of oil

4,000 kWh of energy

(With this amount of energy you could binge-watch the Simpsons from the 1st to the last episode more than 100 times!)

+ 100 TIMES

7,000 Gallons of Water

Got Waste?

Do it yourself and save!

Conveniently located in Wyoming MN, SRC Waste Transfer and Recycle Site accepts household waste, construction debris, tires, appliances, brush and leaves, mattresses and more. All items are fee-based and a price list is available on our website www.MyTrashService.com

Schedule a Pickup...

SRC offers curbside cleanups to our residential customers. Call our office for pricing details and to schedule a pickup. Items like refrigerators, mattresses, furniture and appliances are unit priced and other items are weight-based. Pricing includes a trip charge and disposal fee.

Have a roofing project or cleanup?

We deliver 10, 20, 25 or 30 yard roll-off boxes to your site. The large steel boxes are ideal for cleanups, demolition and construction debris. Call and reserve a box today!

Hazardous Waste

We do not accept hazardous waste. If you have hazardous waste - lead paint, asbestos, etc., call your county local hazardous waste site for resources.

Fluorescent Lamps and Electronics

Because of concerns about mercury, Minnesota law bans fluorescent lamps from disposal in the trash, and directs that they must be recycled. This applies to fluorescent lights of all shapes and sizes, including CFLs. For proper disposal, bring them to our site in Wyoming. We are a licensed transporter. Old computers, TVs, phones and electronics can also be recycled safely onsite with us.

If in doubt ... call to find out!

Over the years, we have found unusual items in waste and recycle carts. We appreciate everyone trying to do the right thing; however, the best intentions can cause problems. If answers to your questions are not found in this guide, please call our office during the work week. We are happy to help!

Solid Waste Deposit Disclosure

From the Minnesota Pollution Control Agency

"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system provides substantially more financial and environmental protection than depositing wastes in landfills in other states. Managing your waste in Minnesota may minimize your potential liability."

CLEAN AND DRY

CARDBOARD

PAPER

Helpful Tips

PLASTIC The wrong plastics can ruin a whole load. Make sure your item has a recycle logo on the bottom. If not, throw it in the trash!

GLASS Commercial food package glass IS recyclable. Discard all other glass in the waste cart.

METAL Rinse and clean tin and aluminum CANS. Dispose of other metals with a scrap processor.

CARDBOARD Flattening and folding prevents cardboard and other recyclables from becoming stuck in your cart. It creates more space!

PAPER

NO

PLASTIC

Flower Pots
Hoses
Bags
Toys
